

LET US BREATHE GRANTS 2019

North Star Fund's Let Us Breathe Fund moves resources to Black-led and multiracial organizations and movements fighting police violence and structural racism in New York City. These grants total \$160,000 for 18 organizations, and bring the total grantmaking for this fund to over \$860,000 since its inception in 2015.

Originally, the fund supported local activism spurred by the death of Eric Garner, with a focus on rapid response actions demanding reforms in policing and criminal justice. But our commitment to organizing for Black liberation is longer term and we want this fund to adapt as the local circumstances shift. The fund continues to invest in longterm organizing to reimagine community safety and build economic sustainability in Black communities for the long haul. Here are the 2019 Let Us Breathe Fund grantees.

African Communities Together

\$10,000 A mutual aid and civil rights organization for African immigrants organizing for policies that keep families together and meet the needs of asylum seekers, including language access and just immigration policies.

Black LGBTQ+ Migrant Project

\$10,000 A one-of-a-kind gathering space for Black LGBTQ immigrants to find community and safe space, practice healing and wellness, and develop strategies to combat detention and deportation policies.

Zv

In keeping with our values, these grant decisions were made by a community funding committee (CFC) comprised of members who understand organizing priorities and have deep relationships in local communities fighting police violence and structural racism in New York.
